

Hebrews 13:20-21

May 31st, 2015

The Contract

1. Have you signed the contract/covenant with God? Do you need to sign the contract?
2. Are there places in your life where you are not experiencing peace although you have signed the contract? Where are those places? How might the contract provide peace in those places in your life?
3. How have you seen God write His law upon your heart? How have you seen God transform your life? How is God working to conform you to the image of His Son, Jesus Christ, in this season of your life? (See Romans 8:29 and Philippians 2:12-13).
4. Is there anything in your past that you need to be reminded that God has forgiven and remembers no more? (See Romans 8:1).
5. Are you letting God be in control? Is there anything that you are trying to have control over rather than giving control over to God? Does your life look like one given over to God or a life lived for yourself?
6. Take time to pray with your small group. Read Psalm 139 aloud and ask God to help you surrender the areas of your life that you are still trying to control. Praise Him for the forgiveness and grace you have already received because of the sacrifice of Jesus.
