Several expenditures are made on behalf of each team member in advance of the trip, including payment to partner organizations and transportation (such as airfare). Because God has been faithful in providing full funding for past trips and in anticipation that He will do so again this year, the church has agreed to loan our teams the funds for these purchases. Each participant must understand, however, that this advance funding mechanism is only a loan to facilitate trip planning, and each participant is responsible for these costs. In an effort to clearly communicate this financial arrangement, the following Memorandum of Understanding must be signed and turned in with your application. Acceptance for the trip is contingent upon execution of this document.

## MEMORANDUM OF UNDERSTANDING:

Dear Calvary Church,

I \_\_\_\_\_, agree to be personally responsible for the payment of any balance due for my portion of advance payments to partner organizations such as Next Step Ministries and Miracle Camp, and/or airline tickets purchased, should my full financial support not be raised two weeks prior to departure. I also agree to be personally responsible for these costs if I am unable to participate in the trip.
